

NEW YORK ELECTRIC VEHICLE CHARGING REBATE

Install the Fastest Level 2 EV Charging for Little to No Cost

New York is amongst the leaders in the adoption of electric vehicles (EV). With so many new EVs in the street and not enough chargers, there is a clear opportunity to become an EV charging destination. Funding Alert! NYSERDA is offering \$4,000 per charging port through the Charge NY incentive program, and the new Make Ready program is offering to cover up to 100% of installation costs for a total of over \$700 million of funding in the state. Hurry, it will not last!

The Program

- Blink will coordinate the installation and rebate to cover the costs associated with the equipment installation
- Blink will provide at least 2 of the fastest Level 2 EV charging stations, the IQ 200, at little to no cost to you
- Blink will provide the Blink network, operational support, and maintenance for the electric vehicle charging equipment
- Blink will share up to 100% of the net profits from the charging stations with you

Eligibility

- To be eligible chargers must be in a public parking lot, workplace, or multi-family dwelling (apartment buildings, condominiums, etc.) Any public or private entity, such as municipalities, for-profit companies, and non-profit organizations
- The charging stations must be connected to the Blink network for a minimum of 5 years
- A contract with Blink for the operation of the EV charging equipment is required

Hurry, this offer is only good for a limited time!
