

**EXECUTIVE PROFILE****Miko de Haan****President Blink Europe and Emerging Markets**

**Miko de Haan** is a passionate advocate for clean fuel technologies and an experienced operator in the fields of clean energy and EV charging. He has been a part of the clean energy movement since its inception and has amassed over a decade of experience in the EV infrastructure, EV charging and clean energy sectors. Miko plays a significant role in the development of Blink's growth strategy and overall presence in Europe and in breaking ground for new and emerging markets, positioning Blink for further expansion. Miko's experience in the EV charging space and commitment to providing sustainable energy solutions, together with Blink's accomplished team of industry leaders, positions Blink to make a strong impact globally.

Miko first joined Blink as Managing Director for Blink Holdings B.V., an Amsterdam based company which oversees Blink's European operations.

Blink's combination of experienced, talented leadership and the youthful disposition of a nimble and flexible team, give a great outlook for the future.

**Blink Charging**

Founded in 2009, Blink is dedicated to slowing climate change by reducing greenhouse gas emissions caused by transportation. We're a driving force in the EV industry, paving the way for the growth and adoption of electric vehicles.
